LIFE SCIENCES

Sechenov International Online-School

“New anatomical information: enhanced insights into surgery & manual surgical skills”:

Workshop on the new manual surgical skills

Workshop on the use of virtual & augmented reality in anatomy

Department for Operative Surgery and Topographic Anatomy, Sechenov University

in cooperation with Prof. Dr. Friedrich Paulsen (Vice-President, University of Erlangen - Nuremberg, Germany)

October 19-23, 2020

Preliminary programme (Moscow time)

Date: October 19

Time: 10:00-12:00 am

Workshop on the use of virtual & augmented reality in anatomy

Time: 3:00-5:00 pm

Lecture (Prof. from University of Erlangen - Nuremberg, Germany)

Date: October 20

Time: 10:00-12:00 am

Workshop on the use of virtual & augmented reality in anatomy

Time: 3:00-5:00 pm

Lecture (Prof. from Sechenov University)

Date: October 21

Time: 10:00-12:00 am

Workshop on manual surgical skills: surgical nodes and instruments

Time: 3:00-5:00 pm

Lecture (Prof. from University of Erlangen - Nuremberg, Germany)

Date: October 22

Time: 10:00-12:00 am

Workshop on manual surgical skills: surgical sutures techniques

Time: 3:00-5:00 pm

Lecture (Prof. from Sechenov University)

Date: October 23

Time: 10:00-12:00 am

Workshop on manual surgical skills: Vascular suture

Time: 3:00-5:00 pm

Lecture (Prof. from University of Erlangen - Nuremberg, Germany)

Online testing

**Zoom-connection, lectures & workshops, interactive communication with the School participants, online tests, certificates*
